IMPORTANT! PLEASE READ!

TO OUR CUSTOMER - USER'S RESPONSIBILITY - WARRANTY

TO OUR CUSTOMER

The following pages and illustrations are printed to help supply you with the knowledge to better operate and service your new **DOMRIES** equipment.

We are proud to have you as a customer and feel you will be proud to be a DOMRIES owner.

Any piece of equipment needs, and must have a certain amount of service and maintenance to keep it in top running condition. We have attempted to cover all the adjustments required to fit most conditions; however, there may be times special care must be taken to fit a condition.

Study this operator's manual carefully and become acquainted with all the adjustments and operating procedures before attempting to operate your new equipment. Remember, it is a machine and has been designed and tested to do an efficient job in most operating conditions and will perform in relation to the service it receives.

If special attention is required for some conditions, ask your **DOMRIES** dealer; his Parts and Service Organization will be glad to help and answer any question on operation and service of your new machine.

ATTENTION! BECOME ALERT!

YOUR SAFETY IS INVOLVED

This symbol is used to call your attention to safety precautions that should be followed by the operator to avoid accidents. When you see this symbol – Heed Its Warning.

USER'S RESPONSIBILITY

It is the responsibility of the user to read the Operator's Manual and understand the safe and correct operating procedures as pertains to the operation of the product, and to lubricate and maintain the product according to the maintenance schedule in the Operator's Manual.

The user is responsible for inspecting his machine and for having parts repaired or replaced when continued use of the product would cause damage or excessive wear to other parts. It is the user's responsibility to deliver his machine to a DOMRIES dealer, for service or replacement of defective parts which are covered by the standard warranty. When requesting warranty service, you present your copy of delivery record.

Safety Precautions

ATTENTION! BECOME ALBERT! YOUR SAFETY IS INVOLVED!

This symbol is used to call your attention to safety precautions. That should be followed by the operator to avoid accidents. When you see this – Heed Its Warning.

Many hours of lost time and much suffering is caused by the failure to practice simple safety rules.

- READ this manual carefully to acquaint your self with the Disk Harrow. Opening unfamiliar
 equipment can cause accidents.
- LOWER IMPLEMENT if possible, when adjusting maintenance work; otherwise BLOCKS IT SECURELY at a workable height.
- When Implement and tractor are parked always lower disk to the ground and place a FLAG OR OTHER WAARMING DEVICE on each corner as someone could run or bump into the implement.
- 4. Implement should be DETACHED ONLY in an area where Children DO NOT PLAY.
- 5. DO NOT wear loose fitting clothing that could catch on various parts.
- 6. Machinery should be OPERATED ONLY by those who are RESPONSIBLE AND DEEGATED to do so.
- ONLY ONE PERSON the operator should be permitted on the tractor when implement is in operation, he should be thoroughly familiar with tractor and implement.
- 8. MAKE CERTAIN that everyone is in clear before starting tractor and implement combination.
- 9. BEFORE WORKING under the any hydraulically controlled unit IS SURE it is SECURELY BLOCKED.
- 10. The RATE OF SPEED on hillsides or curves should be regulated so there is no danger of tipping.
- 11. DO Not drive too close to the edge of a ditch or creek.
- 12. REDUCE SPEED when transporting unit to avoid bouncing and momentary loss of steer ability.
- 13. MAKE CERTAIN tractor is equipped with sufficient front end weight to counter-balance the plow weight and maintain stability of front of tractor.
- 14. DO NOT attempt to operate tractor and implement unless you are in the diver seat.
- ALWAYS place transmission in PARK or NEUTRAL, LOCK BRAKES, STOP ENGINE AND REMOVE START KEY before dismounting from the tractor.
- 16. NEVER stand between tractor and disc when hitching.
- 17. PROVIDE a first aid kit. Treat all scratches, cuts, etc. with proper antiseptic immediately.
- 18. If DECALS become damaged or come off, they should be replaced immediately.
- 19. REMEMBER that safe operation is no accident.

ON HIGHWAY OPERATION

- 1. Use the SLOW MOVING vehicle emblem in daytime and approved warning lights at night, or during other periods of poor visibility, to prevent highway accidents.
- 2. COMPLY with Local highway regulation concerning moving machinery on highways.
- 3. MAINTAIN complete Control of machines at all times when traveling on the highway.
- Due to the width of the implement, US EXTRA CAUTION on highways, far lanes and when approaching gates.

RIGID CHISEL SHANKS

A 1 x 3" shank provides 24 vertical clearance. The long shank provides 16" fore-anstagger for improved cultivating action and trash clearance. Two ½" bolts with 2¼" spacing allow a wide variety of ground-working tools to be used with the rigid shank.
